Election/Restriction

Applicant's election of Species 5, claims 1-6 and 11-14 in Paper No. 5 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

Claim Rejections - 35 USC § 103

The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

Claims 1-6 and 11-14 are rejected under 35 U.S.C. 103(a) as being unpatentable over Kobayashi et al., US Patent 4,740,436.

Kobayashi et al. disclose non-aqueous secondary batteries containing a polymer of aniline derivative as a positive electrode. A monomer of the form

where X and Y independently represent a hydrogen atom or a phenyl group. The polymer is formed as a film (column 10, line 49) and during the polymerization process is doped with acid, such as HCl. (Note column 10, lines 30-49.)

Art Unit: 1745

The disclosure of Kobayashi et al. differs from applicants' invention in that Kobayashi et al. do not explicitly recite the polymer polybiphenylaniline. However, for the case where either X or Y is phenyl, and the other of X and Y is hydrogen, one of ordinary skill in the art would understand applicants' electroactive material to be disclosed.

Conclusion

1. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Carol Chaney whose telephone number is (703) 305-3777. The examiner can normally be reached on Monday-Friday from 8:00 am to 4:30 pm.
